The Legend of Thieves

Tonight we will talk about how to use the Thieves Premium Starter kit to ditch the toxins in your house. Are you wondering why we call this line of products Thieves? All of these products were made using the essential oil blend Thieves oil. Young Living's amazing Thieves essential oil blend was inspired by the legend of four fifteenth-century thieves in France who formulated an aromatic blend composed of cloves, rosemary, and other botanicals to keep them from getting ill while robbing graves. When captured, they were offered a lesser sentence in exchange for their secret recipe.

{POST 2}

We are happy to share what we have learned over time with using these oils. Our group, Essences of Alchemy is very health empowerment focused and we welcome you to experience life with Young Living!

{POST 3}

WHAT ARE ESSENTIAL OILS?

Essential oils have been used for thousands of years for their health, cosmetic, and emotionally uplifting properties. Young Living has always been at the forefront of bringing this ancient tradition to modern users, introducing millions to a total mind/body wellness they may never have dreamed possible. Primarily extracted through careful steam distillation, but also through cold pressing, the purest essential oils are far more powerful than dry herbs, delivering quick and effective results.

Essential Oils are the aromatic, volatile liquid that circulate through tissues and pass through cell walls, carrying nutrients into the cells and carrying waste products out. They keep the plant alive. They work similarly within our own bodies when we use them. We may not need them to live, as the plant does, but the essential oils can bring healing and nutrition to our bodies and carry the waste products and toxins out.

Essential Oils are made up of hundreds of chemical constituents. This is what gives them the ability to treat many different things at once. They have the unique ability to penetrate cell membranes and diffuse throughout our blood and tissues.

{POST 4}

SEED TO SEAL® PROGRAM

Young Living is committed to establishing and maintaining the ultimate, industry-leading standard in essential oil products. They offer an extensive line of essential oils and essential oil-infused, plant-based products that represent the best of nature—through the standards of their Seed to Seal program.

Young Living embraces a rigorous quality control standard to help ensure their products meet strict specifications. Seed to Seal is their set of standards that helps ensure that with every pure essential oil and Young Living product offers the benefits of their global resources, industry leadership, and over two decades of innovation. The result? A pristine final product that you know has been created with conscientious Sourcing, Science, and Standards—the three pillars of Seed to Seal.

As the leader of the essential oils movement, Young Living is paving the way for every other essential oil company to improve processes that protect the planet and ensure the highest quality standards.

{POST 6}

INGESTION

Young Living essential oils are so pure you can put a drop in your glass of water for a health and energy boost. You can also use them to flavor your baking with a powerful health boosting punch!

**** ONLY INGEST YOUNG LIVING OILS! Most others ARE NOT SAFE! Please don't risk the health of yourself or your family by not heeding this warning. ****

{POST 7}

Thieves Essential Oil

Young Living's one-of-a-kind blend is formulated with pure clove, cinnamon bark, rosemary, lemon, and eucalyptus (*E. radiata*) essential oils. Thieves is a great option for those looking for an aromatic oil blend to support healthy immune function.

Thieves smells very good! I love diffusing during the holidays and when company is coming over. We love Thieves tea (tea, honey to sweeten, one drop of lemon and one drop of thieves) on cold winter days.

{POST 8}

Thieves Household Cleaner

An all-purpose cleaner formulated with 100% plant-and mineral-based ingredients. It gets out tough stains and problem areas in the home without harsh or abrasive cleaners. It is biodegradable and complies with EPA standards. Thieves cleaning concentrate not only cleans your home but leaves a remarkably wonderful aroma throughout. Safe for your floors, countertops, toilets, kitchen, use wherever you wish! The cost effective aspect make this product a member favorite too! Dilution ratios are on the bottle too! I love coming home to my home smelling so clean and warm!

{POST 9}

Thieves Aromabright Toothpaste

Have you ever read the fine print on a tube of supermarket toothpaste? There is enough poison to kill 2 two-year-olds. According to the Physician's Desk Reference, the mucosal lining inside of the mouth has an absorption efficiency of over 90 percent. Because of this, these carcinogens can get into your blood, brain, and cells in no time at all—especially when you consider that most people use dental-care products 2 to 3 times a day. EPA lists fluoride as a contaminant. It's considered a toxic waste in the fertilizer industry.

Thieves toothpastes are great alternatives to supermarket toothpastes. Thieves toothpastes contain all-natural, plant derived ingredients like Peppermint, Wintergreen, and Thieves, along with odor absorbing baking soda, and of course they are nontoxic! They are also free of SLS, which is a major mouth irritant and can cause canker sores.

{POST 10}

Thieves Fresh Essence Mouthwash

The average supermarket mouthwash can contain up to 26% ethanol. In other words, you're actually gargling more alcohol than you drank in your last glass of wine! Toxins in mouthwash alcohol can actually dissolve fillings, sealants, bonding, and cement used to fasten braces to teeth. If you go to PubMed, you can see many studies linking mouthwash to oral cancers.

Thieves Fresh Essence Plus Mouthwash contains a special formulation of essential oils that provides incredibly fresh breath. The unique liposome technology (using soy-derived lecithin) binds the essential oils to the mucous membrane inside the mouth for longer-lasting effects on teeth and gums. I cannot say enough about how wonderful this mouthwash is. Good oral health can be a struggle at times. Thieves Fresh Essence Mouthwash provides excellent support for your teeth and gums!

{POST 11}

Thieves Hand Purifier

Thieves Waterless Hand Purifier utilizes powerful essential oils to clean and purify hands. Moisturizing emollients, Aloe Vera and vegetable glycerin, enrich our formula and add their hydrating benefits.

The larger 7.6 oz. bottle is ideal for every room in your house. Making a family-sized bottle readily available could increase your family's use and motivate children to be proactive in keeping their hands clean. Use Thieves Waterless Hand Purifier as an optimal tool when trying to increase your family's overall hygiene all year long!

{POST 12}

Thieves Foaming Hand Soap

Thieves® Foaming Hand Soap will cleanse, defend, and condition the skin with the therapeutic-grade essential oil blend Thieves, pure lemon and orange essential oils, aloe, Ginkgo biloba, and vitamin E. Dispensed as a rich foam, Thieves Foaming Hand Soap contains gentle ingredients so it can be used often without drying or stripping the skin.

The foaming hand soap is perfect for your bathrooms and kitchen. Personally, I love the foaming soaps because it is very economical and safe for my children who often use a little more soap than necessary to do the job. ;)

{POST 13}

Thieves Spray

Thieves® Spray is ideal for use on door handles, toilet seats, and any surface that needs cleansing to protect from dust, mold, and undesirable microorganisms. This small bottle is perfect for traveling or keeping in your purse or backpack.

We often spray Thieves spray around the room to freshen the air especially in the winter. I carry Thieves spray in our diaper bag to spray down changing tables as well as the toilet seats for newly potty trained toddlers.

{POST 14}

Stress Away

Young Living's Stress Away essential oil blend is a natural solution created to combat normal stresses that creep into everyday life. Stress Away is the first product to contain the unique stress-relieving combination of lime and vanilla pure, therapeutic-grade essential oils. Stress Away also includes copaiba and lavender to reduce mental rigidity and restore equilibrium. Featuring powerful plant constituents, such as the cedrol found in cedarwood and the eugenol that occurs naturally in vanilla, Stress Away can help induce relaxation and reduce occasional nervous tension. All of these ingredients are expertly blended with the exotic scent of ocotea, Young Living's exclusive Ecuador single.

Stress Away essential oil blend reduces stress in anticipation of mental tension. It also reduces stressors that could negatively impact sleep, and may elevate an individual's state of mind. I diffuse it during the "witching" hour of dinner prep/cleanup/bedtime. It smells AMAZING so is another favorite to just diffuse in the house to make it smell great. This is great for calming crazy little boys. I recently taught a class where it appeared a hyper dog was calmed by the stress away diffusing!

{POST 15}

We reviewed tonight the many products in our collection, the Thieves Premium Starter Kit. This kit, one purchased, is your ticket in to membership with Young Living and 24% off all products in the catalogue. With a 235\$ retail value, at 160\$ it is a fantastic deal, and a great way to detox your home and oral care. Who doesn't love a great deal?

{POST 16}

Thieves PSK and Essential Rewards

The absolute best way to get started with these amazing oils is to buy a Thieves Premium Starter Kit. Along with the 24% discount, it's simply the best deal money can buy!

All of these products we learned about this evening can be bought by quick order or by joining the Essential Rewards program (ER). When you become more experienced with using the oils, you can easily recognize the HUGE benefits in ordering products through the Essential Rewards program (ER). It is an excellent opportunity to save and the best way to buy your Young Living products. Here's why:

- Easy monthly shipments
- Fast, Easy, Free shipments with a YL Go Subscription
- Discounted shipping
- Exclusive bonuses and reward points
- Exclusive loyalty gifts
